Happy Friday Stober Families,

I want to begin by thanking everyone who joined us at our Dine to Donate on Thursday at Freddy's! Thank you for supporting Stober! We have had an incredible week of school! October is always such an incredible month, as students and staff are in the groove, routines are set, and amazing learning opportunities are in full swing! I had the opportunity to spend time in classrooms this week, and was so impressed with the hard work I saw out of our students. We have been talking a great deal about setting short-term weekly goals, and I feel proud of our students and their perseverance in striving for their goals!

Halloween Celebrations-Friday, October 29th

Halloween is approaching and the students are very excited! We will be celebrating at school on Friday, October 29th beginning with our parade at 1:45. Classroom parties will immediately follow the parade. Please read the attached flier with important guidelines to support a safe and positive experience for all students and families.

If you are planning to donate snacks for the party, please be sure that they are individually portioned items (ex. Fruit cups instead of a fruit salad or bags of chips instead of a bowl of chips). For any clarification around party snacks please contact Kandi in the office.

Please check out the Stober gear store and stock up to support our school!

All items will be printed and shipped after the store closes on Sunday, October 24th. Items will be distributed at Stober.

Mask Reminder

This is a reminder that all students need to wear a mask at school. We are asking that students bring more than one mask from home each day. While we do have masks available for use when needed, we are going through the disposable masks very quickly and would request that students are sent to school with an extra mask, when possible.

Important Health Reminder

This is a reminder to all families to please utilize the symptom screener linked here if you are unsure whether or not to send your child to school. Any students showing symptoms will be sent home. This is the current district policy, as we are working hard to keep everyone healthy. If you take your child for a Covid test, they must stay home until you have received a negative test result.
