Happy Friday Stober Families,

I hope that everyone enjoys a wonderful weekend--it will be nice to enjoy some beautiful weather. I wanted to let everyone know that this Tuesday 11/9 we will be holding our yearly Lockdown Drill. The district security team will be on site to support us in the drill. This year, the procedures for the drill have been simplified and I anticipate the drill lasting about 10-15 minutes. Students will be made aware of the drill prior to Tuesday afternoon and our teachers will be discussing the purpose of these drills. It is important for our students and staff to practice our emergency procedures should we ever need to secure the inside of the building for a Lockdown. Please feel free to contact me with any questions.
