### **Additional Staff Professional Learning Days-Non Student Contact**

The Board of Education recently approved converting two student-contact days to non-student-contact days on the 2021-22 Family Calendar.

These non-student contact days will take place on March 28, 2022 and April 22, 2022.

These days will be used by educators to work on planning, assessing student work, data collection and analysis, and other tasks relevant to their positions that benefit student learning.

### **2022 3rd-5th Grade CMAS Testing**

Spring is approaching, and that means CMAS season! CMAS (Colorado Measure of Academic Success) is the state mandated assessment that we implement on an annual basis. Students in grades 3-5 are tested on their proficiencies in Math and English Language Arts. Our 5th graders are also tested on their Science proficiencies.

Our students have been working very hard in their classes learning and growing and we are excited for them to show what they know! To ensure that your child can test with their class, please make note of the dates and times below. We ask that you do your best to make sure your student is on time to school and that you avoid scheduling appointments on these days so that students are able to test on time in their classrooms.

Week	Grade	Time	Test
