Happy Friday Stober Families,

I want to begin by thanking all of our Grandparents & Friends for joining us for our 2nd Annual Thanksgiving lunch! I know that our students enjoyed having their special guests here for lunch and a classroom visit!

As you have already learned, last night, Jeffco's Board of Education voted to accept the district's proposal to close 16 elementary schools at the end of this school year. The impact of this decision is immense for so many of our friends, family, and neighbors across Lakewood and Wheat Ridge. Kullerstrand Elementary, NCA @ Vivian, and Wilmore Davis Elementary all have long-standing history in the Wheat Ridge articulation area. Their missions and dedication to engaging in life-changing work for students over the years has been a model for us all. I have been incredibly fortunate to have had the opportunity to work alongside all three of their incredible leaders and am honored to be their colleague and grateful for their friendship. In the coming days, weeks, and months, I encourage you to continue demonstrating care, empathy, and compassion for the families in these communities as they navigate many changes. As we look toward the future, I am inspired by the passion within the Wheat Ridge articulation and am filled with hope around the possibilities of what we can develop together as a school. I know you will join me in providing a welcoming atmosphere where all students can thrive and where we will emerge as an even stronger community together. I am looking forward to welcoming NCA @ Vivian families on Monday night, and I am excited for the collaboration and partnership ahead as we move forward together.
